Introduction to the Internet of Things
and Embedded Systems

Structured Query Language (SQL)

Introduction to Programming Using
Python

# Mohd Mudassir Alam

Senior Engineer at Veltris

Bengaluru, Karnataka, India

## Summary

Hey there!  I'm a backend developer with a knack for crafting efficient
solutions. My go-to tools include Node.js, MongoDB, and Python,
backed by a solid understanding of MySQL. I thrive on AWS,
Jenkins, and Docker for seamless deployments.

Beyond traditional backend work, I delve into the exciting realm of
IoT, tinkering with embedded C and building connected systems.

---
